'Keeping Ourselves Safe'

The **NZ Police** online safety programme '**Keeping Ourselves Safe**' continues for one more week.

IMPORTANT! There have been/will be follow-up activities being taken home for your involvement, so it is important that you actually **DO** get involved to provide the support required and have some really good discussions. Even as simple as...

"How's 'Keeping Ourselves Safe' going?"

"What have you learned today about keeping yourself safe online?"

"Do you have any questions about keeping yourself safe online?"

"Has Constable Viv been into your class yet?"

"Tell me three things you have learned so far."

"What is my phone number?"

"What is our address?"

In some classes this week, there have been some discussions about the naming of body parts, so hopefully there won't be a colourful new vocabulary coming home today. Certainly worth the discussion.

Kids Greening Taupo

On **Thursday 13 June** we hosted Rachel from **Kids Greening Taupo** who spent one session within each class. There, they learned about pests (like rabbits & hares), predators

(like opossums, hedgehogs, rats & stoats), native insects, pest control, biodiversity and the destruction of ecosystems (like forests) through pests.

There are opportunities within the community to support the great work of Kids Greening Taupo through community planting days or by providing financial support for the fine work they do.

Below we have Room 3 / Ruma Toru with Rachel and four of NZ's most destructive predators or pests being held by Tristan, Lucian, Riley and Ryan.

See if YOU can pick the difference between a predator or a pest...

Sock & Shoe Issue - Lost Property

We take an '**all care-no responsibility**' attitude towards lost property.

Clearly there has been a lack of **responsibility** being shown here, so all we do is

strongly encourage this virtue as well as the need to show **respect** for the items not purchased by them in the first place. All part of learning...

Te Whatu Ora

Health New Zealand

The Dental team is coming to Broadlands School on 20th June for a visit to apply a fluoride varnish to help provide extra protection to your child's teeth.

Fluoride is a mineral that occurs naturally in some water sources. Fluoride helps protect both child and adult teeth by strengthening tooth enamel. Fluoride replaces the minerals lost on the surface of the teeth during early stages of tooth decay.

What will we do?

1. Apply a protective coating of fluoride to your child's teeth.

What do you need to do?

- If you **do not** want your child to have this service, or you want to discuss, please contact:
 - o Phone 0800 Lakes Teeth (0800 525 378)
 - o Text 027 578 0275

Kia Ora Parents/caregivers and Whānau,

Lauren Bell will continue with her weekly 30-minute creative dance classes (Performing Arts) from Week 8 of Term 2.

Classes will be held each **Tuesday** at 1.00pm over a **ten-week** period in the Broadlands Hall. The cost will be **\$5.00/student/week** which is a reduced amount as the school is subsidising the cost in the amount of **\$1.00/student/week**. The amount of **\$50.00** will be invoiced directly to you through the school and payable promptly please please.

If you are interested for your child to be involved, please discuss at home, then if OK, sign the attached slip below and return to the Office by **Friday 14 June**.
